

FLOOR STANDING RACK 15U – CR 10

The Racks of Rentron SA have been designed to fulfill the telecommunications network manager system requirements. The efficient design allows for an easy installation at the required areas, such as access to the inside of the cabinets simply by disassembling the sides and the rear cover. Using its vast experience in manufacturing Racks, Rentron has succeeded in producing a wide range of components that are distinguished for their excellent quality.

TECHNICAL FEATURES
